*Changing Landscape of
“Health Insurance”*

About IIRM

IIRM is a unique educational institute set up by the Indian Insurance Regulator (IRDAI) and the Government of Telangana, keeping in mind the rapid opening of financial sector as a part of developmental responsibility and to create a pool of skilled, talented professionals in the Insurance, risk management and related financial segments. In the past 1500 + students have availed of the programs and with the increase in the needs of market and the Institute is confident that more fresh students and working professionals will avail of the diverse programs offered at IIRM. IIRM offers academic programs on Campus and through Distance Learning Mode to enable aspirants to acquire much-needed education in Financial Services, Insurance and Risk Management, and other related areas.

Background

The country's health insurance segment continues to witness steady growth reporting on an average of 24% in premium collection for the past four years. As per the latest annual report of IRDAI, the total premium collection grown to Rs. 56,865 crores in 2019-20 from Rs. 50,833 crores in 2018- 19, registering a growth of 11.87 percent. The impact of COVID-19 certainly accelerated the growth of Health insurance (14.6%), and with more budget allotments, new Government schemes, the segment is expected to grow significantly in the coming years. Many innovations happened in the recent past concerning Products, Technology, and Distribution channels combined with a lot of Regulatory initiatives. The issues and challenges need to be managed carefully by the specialists to make this portfolio profitable and sustainable.

Objective

This two-day program equips the participants with the knowledge and broad understanding of the Indian Health Insurance Market. The program provides a snapshot of all the health insurance products and recent product innovations. Understanding the medical risks and providing the appropriate coverage is the key decision for health insurers. The program will highlight the challenges involved in this process and also provides understanding on improving efficiencies with the help of technology. The program makes the participants aware of the tools for better claims management. It also speaks on the regulator's initiatives and way forward to strengthen the health insurance segment.

Training Agenda

- ☞ Analysis of Indian Health Insurance Market over two decades
- ☞ Overview on health insurance products with recent product innovations
- ☞ Understanding of Govt Schemes – Pradhan Mantri Jan Arogya Yojana (PMJAY) - Ayushman Bharat and few popular State Govt Schemes
