

Expression of Interest (EOI)

Inviting Actuarial Experts to be Empanelled as the Faculty Resource Pool for the PGDAS Program at IIRM

The Institute of Insurance and Risk Management (IIRM), Hyderabad, is pleased to invite Expressions of Interest (EOI) from distinguished actuarial professionals, academicians, industry practitioners, and subject matter experts to be a part of the Faculty Pool for its Post Graduate Diploma in Actuarial Science (PGDAS) Program.

The PGDAS program has been conceptualized to develop a strong pipeline of actuarial talent equipped with analytical rigor, quantitative expertise, business understanding, and industry orientation. The program is designed to support students aspiring to build successful careers in actuarial science across insurance, pensions, risk management, healthcare, banking, analytics, and emerging financial domains.

With the increasing relevance of actuarial professionals in the evolving financial and risk ecosystem, IIRM aims to create a high-quality academic and professional learning environment that combines theoretical foundations with practical industry applications. To achieve this objective, IIRM seeks to engage experienced actuarial experts who can contribute meaningfully to teaching, mentoring, curriculum enrichment, research guidance, case study development, industry interface, and student capability building.

Areas of Expertise

Experts with specialization in one or more of the following areas are encouraged to express interest in the 12 papers of IAI which are part of our PGDAS program and their sub topics.

Role Expectations

Selected experts may contribute in one or more of the following capacities:

- Visiting Faculty for regular academic sessions
- Guest lectures and masterclasses
- Online or hybrid teaching engagements
- Industry mentoring and project supervision
- Examination preparation support
- Research

Eligibility

Professionals meeting one or more of the following criteria are encouraged to offer their intent

- Qualified Actuaries or members of recognized actuarial bodies
- Senior actuarial practitioners from insurance, consulting, or financial services sectors
- Academicians with expertise in actuarial science, mathematics, statistics, economics, or analytics
- Professionals with substantial teaching, training, or industry experience in actuarial domains

Interested experts may submit their Expression of Interest along with a detailed profile/CV to **Careers@theirm.ac.in** highlighting academic qualifications, professional experience, areas of specialization, teaching interests, and industry contributions. The compensation for the services rendered would be as per the industry norms.

IIRM looks forward to building a vibrant network of actuarial experts committed to advancing actuarial education and professional excellence.
