Program

MARINE CARGO

UNDERWRITING

CLAIMS

EMERGING RISKS

About IIRM

Institute of Insurance and Risk Management (IIRM), a premier educational institution is a joint initiative of IRDAI and the Government of Telangana, dedicated to advancing knowledge and professional capability in insurance, risk management and allied financial services.

With Education, Training and Research as its three interconnected pillars, IIRM brings together domain expertise and industry perspectives to strengthen professional capability and support the evolving needs of the insurance sector.

About the Programme

Marine insurance remains one of the most specialised and dynamic classes of general insurance. Increasing global trade, evolving regulatory requirements, geopolitical uncertainties, climate-related disruptions, cyber exposures and complex supply chains have significantly transformed the marine risk landscape.

The programme is designed to provide participants with practical insights into marine insurance fundamentals, cargo underwriting practices, claims management, reinsurance arrangements and emerging risk exposures affecting marine portfolios.

Programme Objectives

The programme aims to:

- Provide a comprehensive understanding of marine insurance principles and legal frameworks.
- Strengthen knowledge of marine cargo policies, coverages, exclusions and policy wordings.
- Enhance underwriting skills for cargo and marine risks.
- Examine marine reinsurance, catastrophe accumulations and emerging risk exposures.
- Develop practical capabilities in cargo claims management and recovery processes.

Who should Attend ?

This programme is suitable for:

- General Insurance Professionals
- Marine Underwriters
- Claims Managers and Claims Officers
- Reinsurance Professionals
- Risk Managers
- Surveyors and Loss Adjusters
- Insurance Brokers and Corporate Agents
- Logistics and Supply Chain Professionals
